Public comment: None

Unfinished business:

- a. Ceiling tiles: Prestige came & counted tiles on 3/4/24
- b. Heat thermostat & cage guards: some in, but some are on back order. Will wait until all are in & install together to avoid two service calls.
- c. Bookmobile: Waiting for response from Dave Vella
- d. Andrew Racz estate: awaiting information
- e. Water softener needs to be replaced: Mr. Goodwater \$1750, Affordable Water \$1795 & Barker Plumbing \$1425. Same size, quality & warranty. Mindy chose Barker Plumbing as they have done plumbing for the library, church & rental in the past.
- f. Grant application for smart board: awaiting information
- g. Other unfinished business: none

New business:

- a. Old sink in meeting room needs to be removed. It isn't used & there are electronics stored in there. Barker Plumbing will give a quote. Discussed checking if valve under sink was turned off.
- b. Drinking fountain by State St. Doors drips & not in good shape. Barker Plumbing will quote the cost to remove it.
- c. Mindy would like a quote for a new bi-level fountain to be installed downstairs that has a lower shelf for kids & a bottle filler. Will obtain a quote from Barker Plumbing.
- d. Sprinkler system sprung a leak downstairs. Emergency repairs were made.
